Innovation Center Project

When: Tuesday, Oct 19th @ 4pm

Where: Innovation Center
(lobby)

RSVP: Friday, Oct 15th at 3pm
arjobe@indiana.edu

For this semester's big project, DSSO will be working with a group of MBA students in need of a more functional and aesthetically pleasing 1600 square foot office. With a budget of \$500 and most furniture pieces already purchased, DSSO will have the opportunity to brainstorm ideas and come up with creative solutions that will turn this bland space into an exciting place to work. Initial plans for this project include but are not limited to three separate parts which will break up the design process and give volunteers time to research and problem solve. We will be treating this project as professionals in the industry would, which is a great opportunity for students looking for experience. Bring paper, pencils, and any other tools you would like to sketch with!

Friday, Oct 22nd 1:15 - 3pm

Senior Mentors!

We all remember Freshman year. You don't quite know your peers yet and you have so many questions about the unknowns. Wouldn't it have been nice to have a mentor? This year, DSSO wants to give all Freshman and Sophomores the opportunity to have one. The senior class is pairing up with these students to answer questions about their experiences as an interior design student. Stick to just e-mail or plan an afternoon together, that's up to you! This is a great way to connect and learn from each other! If you have signed up to participate, expect an e-mail soon.
